

# RELOAD

220207EN01

## 1. Description of RELOAD

For members who have a Future Builders Plan but are behind with their monthly payments or wish to switch to 1 BTC, we offer the possibility to reschedule the debt and "recharge" their Future Builders Plan (RELOAD). By rescheduling, the missed monthly payments will be spread over the remaining months, eliminating the debt created by the missed monthly payments.

## 2. Validation of RELOAD

- 2.1. After paying an installment of the new monthly fee, the member becomes entitled to reschedule the debt. When making the payment or transfer, the communication should include the member's e-mail address and the word "RELOAD".
- 2.2. The exact amount to be paid can be viewed on the home page:  
<https://basic.scnmentor.com/>
- 2.3. The Mentor indicates to the support team on the application form that his/her mentor wishes to take advantage of the "recharge". The form can be found by clicking [here](#).
- 2.4. The email should include the name of the person who started the Future Builders Programme, their email address and the text of the request.
- 2.5. After paying an installment of the new monthly fee, the member becomes entitled to reschedule the debt. When making the payment or transfer, the communication should include the member's e-mail address and the word "RELOAD".
- 2.6. The support will then activate the new monthly fees in the member's Future Builder Program.

RELOAD 220207EN01

Validity of the policy: 01/10//2021 until 28/02//2022

We reserve the right to make changes.

1132 Budapest, Victor Hugo street 11.

- 2.7. With the recalculated fee, the arrears due to the unpaid monthly fees will be canceled in the member's Future Building Program, thus the BTH-eBTC switching rights can be reasserted if the member's invitees, Mentors also generate traffic among the mentored.

### **3. Other information**

- 3.1. You can only reschedule once a year.
- 3.2. The debt rescheduling does not apply to members with a 0.5 BTC Future Builder Program, only if they convert to 1 BTC, in which case the debt is automatically cancelled and the 50 months restart.
- 3.3. From 14 February 2022, Reload 2 will come into force, with automatic "reloading", with a different limit.

### **4. Validity of the rules**

This policy is valid from 00:00 UTC 1 October 2021 until 23:59 UTC 28 February 2022.

*This policy consists of 2 (two) pages and 4 (four) sections.*
